## ABOUT ME

I am a motivated Computer Science and Engineering (CSE) student with a strong interest in web development and software technologies. I have hands-on experience with HTML, CSS, C, C++, and GitHub, and I enjoy building simple, responsive, and user-friendly web projects. I am passionate about learning new technologies, improving my problem-solving skills, and applying theoretical knowledge to real-world projects. My goal is to grow as a professional developer and contribute effectively to innovative and impactful projects.

## EXPERIENCE

- Developed basic and responsive web pages using HTML and CSS through academic and personal projects.
- Gained programming experience in C and C++, focusing on logic building and problem-solving.
- Used GitHub for version control, code storage, and project sharing.
- Completed a certified course in Microsoft Word, Excel, and PowerPoint, with hands-on practice in document creation, data handling, and professional presentations.
- Skilled in fast and accurate typing, enabling efficient documentation, coding, and data entry tasks.
- Actively improving technical and productivity skills through continuous learning and practice.

## Certifications & Skills Note

- Microsoft Office Certification: Word, Excel, PowerPoint
- Typing Skill: Excellent speed with high accuracy
- Technical Skills: HTML, CSS, C, C++, GitHub
